

SOMMER CABLE Instrument Cable 100m bk Tricone MKII

Instrument cable Tricone® MKII

Art. No.: 30300714

GTIN: 4049371002134

**List price: 153.51 €**

incl. 19% VAT.

Description:

The Tricone® MKII is a flexible cable for guitar or keyboard and equally interesting for the live musician, studio keyboarder and the home recorder. Because of its decent wire gauge of 0.22 mm² and the fine single 0.10 mm wires, it is protected against cable break and convinces with high bending cycles. It is very robust, easy to reel and very reasonably priced. When making cables, care should be taken to remove the conductive shielding (black PVC hose) from the insulation so that it won't touch the inner conductor.

Tricone® MKII is a protected and registered trademark of SOMMER CABLE GmbH.

Logistic

EAN / GTIN: 4049371002134

Weight: 4,05 kg

Length: 0.23 m

Width: 0.23 m

Height: 0.15 m

Features:

- Very robust due to the large wire cross-section and fine Cu single litz wires
- Good electrical values due to the Skin PE insulation
- Dual shielding by Cu mesh screen and conductive carbon screen
- High number of bending cycles
- Dependable cable for live applications (guitar and keyboard)
- SOMMER CABLE
- Made in Germany
